

LEARNING JOURNEYS AT PLAYEUM, CHILDREN'S CENTRE FOR CREATIVITY

Learning journey sessions at Playeum seek to create shifts within adults; transforming the hearts and minds on perceptions of play and creativity in children.

Come join us for a 2-hour learning journey at the Children's Centre for Creativity and have a discussion with Playeum about its open-ended pedagogy, impact work and journey in creating interactive hands-on environments for children.

The learning journey includes:

- 1) Welcome & introduction to Playeum
- 2) Tour of the current hands-on exhibition
- 3) Sharing on Playeum's pedagogy
- 4) Observation of group in the space (if there are any children visiting for the day)
- 5) Fun hands-on activity
- 6) Q&A session (coffee & tea provided)

Children's Centre for Creativity

Whether you're a parent, educator, student, working with children in any other capacity or simply curious to find out more, learning journeys are open to all adults.
